National Camping Month

Camping is one of America's favorite outdoor activities and National Camping Month is observed in June every year. Be it with friends, family, or even by yourself, camping is the perfect way to reconnect with nature. Camping is also a very popular summer activity that keeps young children engaged outside of school.

Enjoy the peace and relaxation that comes from spending time outdoors, especially when you experience the healing properties of being close to water, breathing in fresh air, and sleeping under the stars.

A recent survey found that 93% of campers feel more relaxed or mentally refreshed after camping, compared to other kinds of trips. The same survey found that 64% of campers claim nearby natural water features such as beaches, rivers, or lake help them feel relaxed when being outdoors. Over half of campers say a clear view of the night sky and stars contributes to their feeling of relaxation.

Gather family and friends, don't forget the s'mores supply and go camping! Nature is calling and there are so many ways to enjoy a weekend or even more camping.
